

Solutions without limits

20 years building the future together

Our company.

A beautiful story which began hardly 20 years ago. In October 1997 the company was founded by two people, Fernando Busto and Carlos Montero.

In a short period of time, the company has managed to consolidate itself in Spain and Europe.

Extol, currently enjoys some extraordinary and modern facilities which take up almost 50,000 square metres in Toledo and 25,000 square metres in Nantes (France).

Headquarters and factory in Toledo, Spain

First factory located in the city hall of Olías del Rey.

Factory in France, located in Nantes.

Factory.

The company carries out vertical activity in the aluminium extrusion sector, covering practically all activities.

- Extrusion.
- Laquering.
- Mechanization.
- Wood effect laquering.
- Thermal break assembly.
- Systems development.

Currently Extol has an extrusion capacity of 40,000 tonnes per year. In the product mix 60% is for export markets.

The work force is made up of 350 people, with a predicted turnover of 85 million euros.

In order to continue growing, the company has developed a strategic 5-year plan with the same growth philosophy and service for our customers.
